

Keysight Technologies, Inc. is committed to taking affirmative action to employ and advance in employment qualified covered veterans. If you are a veteran covered by this Act and would like to be considered under this Affirmative Action Plan, please advise the US Compliance and Diversity Team at americas-hr_keysight@keysight.com. You may inform us of your desire to benefit under the program after a conditional offer of employment is made and/or at any time thereafter. This information is voluntary and refusal to provide it will not adversely affect whether an applicant is hired or subject an employee to discharge or disciplinary treatment. Information obtained concerning individuals will be kept confidential, except that (i) supervisors and managers may be informed regarding restrictions on the work or duties of disabled veterans and necessary job accommodations; (ii) first-aid personnel will be informed, to the extent appropriate, of conditions that might require emergency treatment; and, (iii) representatives of federal and state agencies may review such records, as required.

In order to assure proper placement of all employees, we request that you answer the following questions: If you have a disability which might affect your performance or create a hazard to yourself or others in connection with the job for which you are applying, please state the following: (1) any special methods, skills and procedures which qualify you for jobs that you might not otherwise be able to perform because of your disability, so that you will be considered for any position of that kind, and (2) accommodations which we could make to enable you to perform the job properly and safely, including the provision of special equipment, changes in the physical layout of the job, elimination of certain duties relating to the job or other accommodations.

Employees and applicants may request to see copies of the affirmative action plan during regular business hours from the US Compliance and Diversity Team at americas-hr_keysight@keysight.com.
